TONY LEE BAND

Tony Lee began life surrounded by music. While still in the crib, Tony's mother would sing to him to put him to sleep and as he grew, her influence inspired him to begin writing for himself.

Over the years Tony's sound has matured through various styles, finding his niche in writing alternative Country Rock.

Tony writes authentic salt of the earth songs, with big choruses and heartfelt lyrics.

Tony is currently recording his followup album to "Road Less Travelled" with Cartel Records and will be on tour through in NZ summer 2017/18.
